ASIAN CORPORATE FINANCE IN VOGUE

Unlike their counterparts in Europe and Australasia, project financiers in Asia do not generally seek equity in a project. The third quarter of 2005 saw a number of Clients approach us to assist them with obtaining finance for projects around the world. Refer to our [website](#) for details of how Healy Consultants can assist with corporate financing.

NOW EVEN MORE MERCHANT SOLUTIONS OFFERED

Healy Consultants has expanded its merchant account solutions by adding an internationally-recognised, secure processing platform to the stable? The new account option is from a service provider based in Canada, and is quick to set up, has a highly daily withdrawal limit and low transaction fees. Click [here](#) for further details of the merchant options available.

MYANMAR PROJECT A TRUE TEST OF EXPERTISE

Healy Consultants' full range of expertise was called upon recently when a Client asked us to set up a Singapore company in just one day, so he could clinch a vital oil contract in Myanmar. The Client was so impressed with our capabilities, which included introducing him to another oil industry Client, that he has now engaged us to project manage an IPO listing in Singapore, planned for later this year.

SUN SHINES ON SINGAPORE PROJECT

The Singapore government is actively promoting the development of renewable energy. With the help of Healy Consultants, one of our Clients obtained a Euro120 million grant from the Singapore government to help him set up a Singapore headquarters for his global solar power business. The project includes a solar facility in Singapore as well as a fully-fledged office and staff recruitment programme, which Healy Consultants will be assisting with.

CASHING IN ON MALAYSIA PROPERTY

Economic growth in Malaysia means more and more people are moving to Kuala Lumpur for work. The city is fast becoming an attractive place to live, as well as to invest in property, with rental rates and property prices on an upward curve. Healy Consultants has helped a number of Clients purchase property in Malaysia. For more details, [contact us](#).
