- ✓ Our Client to appoint individuals who could timely travel to meet multiple local and international banks, if their Compliance Departments require the same before releasing multiple multi-currency corporate bank account numbers. If travel is required, our Firm will refund US\$950 and action [this travel policy](#);

- ✓ After corporate bank account numbers are secured and if required, Healy Consultants Group to assist our Client to appoint more new shareholders and directors. However, the banks will usually only approve them as bank signatory after a face to face meeting and review and approval of a bank signatory application;

For each bank, our Firm will prepare a quality tailored business plan; to optimize the probability of corporate bank account approval. Each corporate bank account opening fee is [US\\$4,950](#) (click link). It is a time-consuming task; Healy Consultants Group will shelter our Client from the administrative challenges. As you can appreciate, it is a difficult task to obtain bank account approval through newly formed companies when shareholders, directors and bank signatories reside overseas;

Depending on the nationality of the UBO, shareholders, bank signatories, and directors and the nature and value of the business assets and transactions, it is wise to expect that **i)** corporate bank account approvals will take an average of three months from the date of company registration and receipt of all KYC documentation and **ii)** multiple banks will request the directors AND bank signatories to travel for a one hour interview with the bank officer, before bank account opening. Refer to the notes below for more detailed important information about each corporate bank account opening procedures and requirements;

While Healy Consultants Group will be glad to assist our Client to open multiple corporate bank accounts, it is challenging and time consuming to open corporate bank accounts for businesses when their shareholders, directors and bank signatories do not live in the country where the bank account is being applied for. Consequently, it will take us an average of [twelve weeks](#) to open each corporate bank account, counting from receipt of all required KYC documentation. Healy Consultants Group will prepare a business plan for the bank to optimize the probability of corporate bank account approval;

During the corporate bank account opening process, it is common for each bank's in-house Legal and Compliance Department to request additional [due diligence](#) documents from potential customers including but not limited to **i)** regulatory licenses **ii)** proof of business globally and in home country including evidence of contracts, invoices and agreements with local Clients and **iii)** additional KYC

information on our Client's business and place of residency, including nature and volume of transactions. We assume our Client provides most of this information within one week;

Because global interest rates are low, international banks make little profits from current accounts. Consequently, international banks appetite for new multi-currency corporate bank account opening applications is low. Consequently, global banks are more likely to reject new multi-currency corporate bank account opening applications. Because of the above, customer demand for new corporate bank accounts is very high. Consequently, international banks choose vanilla customers that tick all the boxes of a low risk Client. For example, most banks will only welcome multi-currency corporate bank account opening applications from a company registered in the same country, with local staff and office premises;

When dealing with international banks, the front office bank officer (Relationship Manager) is willing to help Healy Consultants Group and our multi-national Clients. The realistic role of this bank officer is to collect information and ensure an accurate and complete multi-currency corporate bank account opening application is submitted to the bank in-house Legal and Compliance Department;

Unfortunately, the bank in-house Legal and Compliance Department has ultimate power of approval over new multi-currency corporate bank account applications. This Department is extremely risk adverse and often lacks commercial reality. Furthermore, the in-house Legal and Compliance Department does not speak to customers nor to Healy Consultants Group. All communications must go through the front office bank officer. Consequently, quality Clients do not get a chance to communicate directly with the bank decision makers – a chance to properly explain their business and the risks the bank perceives;

Global banks enjoy ultimate power of approval of corporate bank account applications. Consequently, guaranteed success is outside of Healy Consultants Group control. What is inside our control is the preparation and submission of a high quality bank application that maximizes the likelihood of approval; Global banks [continue to tighten](#) corporate bank account opening procedures, their internal compliance departments completing more thorough due diligence of Clients. Consequently, our Client should expect the bank account approval period at least 2 months and on average 3 months;

During the engagement, banks will revert to Healy Consultants Group and our Client to request additional KYC information, including **i)** details of existing business setup; **ii)** reason for opening bank accounts in the specific jurisdiction; **iii)** list of suppliers and Clients in the jurisdiction; **iv)** lease agreement; and **v)** proof of net worth from the shareholders and evidence the same are complying with their local taxation reporting obligations. As always, Healy Consultants Group will liaise with the bank to secure exemption from these requirements;

While Healy Consultants Group will try its best to negotiate with the bank for a travel exemption unfortunately some banks may request both the foreign directors and bank signatories to travel, for a one-hour interview before the bank account numbers are issued. If the banks also request Healy Consultants Group nominees to travel, there will be an additional fee of US\$5,950 per trip payable to cover the flight and hotel and other trip disbursements;

All banking charges, certification and translation and other third-party fees incurred during the corporate bank account opening process are to be borne by our Client, never by the nominees. These additional fees are to be payable in advance of any disbursement;

Healy Consultants Group will supply the banks with the proof of addresses and other due diligence supplied by our Client. Hopefully they will accept the same and do not revert requesting additional documents; From our side we will relentlessly negotiate for banks waivers. Healy Consultants Group expects the bank's risk department to request additional [due diligence](#) from our Client's business and from the bank signatory, directors, shareholders and UBOs. We assume our Client will timely supply this information and supporting documents or there will be engagement delays;
